TONOPAH DAILY BONANZA

Today's Silver
Quotation 52 1-8

VOL. IX. NO 88

TONOPAH, NEVADA, SATURDAY EVENING, FEBRUARY 4, 1911.

PRICE 10 CENTS.

JUAREZ

Awaiting Attack By the Young Leader of the

REBELS

MALLEY LEFT TO GET COOK, HELD AT RENO

DEPARTS IN COMPANY WITH
POSTOFFICE INSPECTOR—
FEDERAL CASE.

Sheriff Malley and Postoffice Inspector Austin left on this morning's train for Reno, where they will consult with Judge Farrington, of the United States district court, with regard to prosecuting Joe Savoy, held in jail here, and Thomas Cook, the man arrested at Elko night before last, for using the mails for fraudulent purposes.

This information will not be relied by the prisoners. A prosecution in a federal court is likely to prove no laughing matter—they have a habit of making indictments stick and sending malefactors over the road for a term of years.

The recital of the facts of the bunko game in the Bonanza the other day failed to state that the blank checks were printed by a job printer at Stockton, Cal., named Miller. The Belmont, as is known locally, uses a printed check instead of a lithographed one. These checks were complete except that they failed to have the protective inscription on it—"Not good for over \$50," or whatever the amount might be. Because they lacked this the checks were sent to the lithographing firm back east.

Savoy, in the local jail, fully realizes that he is up against a hard proposition. It is not at all unlikely that he will confess the whole game before long.

HIGH OFFICIAL ASSASSINATED BY ARMENIANS

By Associated Press.
TEHERAN, Persia, Feb. 4.—Sanli el Dowlen, Persian minister of finance, was shot dead in the street today. His assassins, two Armenians, escaped, after killing two policemen.

CATHOLIC CHURCH IS DAMAGED BY FIRE

By Associated Press.
BUTTE, Mont., Feb. 4.—St. Joseph's Catholic church was badly wrecked by fire early yesterday. While the fire was at its height Father Leschnock, assistant pastor of the Sacred Heart church in this city, rushed into the burning building and carried out the sacrament. Just as he reached the door, the roof collapsed. The priest was struck on the shoulder by a piece of flying timber, but was not injured severely.

INTERESTING PICTURES BILLED AT THE BUTLER

At the Butler theater for tonight the following program will be shown: "The Old Home" (drama); "Cain and Abel" (Biblical); "In Neighboring Kingdoms" (Vitagraph drama); "His Wife's Sweetheart" (comedy); "After the Ball" (Biograph comedy).

For tomorrow the following program will be shown: "A Vegetarian Family" (Edison comedy); "When Lovers Part" (Kalem drama); "Girls Will Be Boys" (Ersanay comedy).

On Monday night Pastor and Merle, a vaudeville team, known as the lazy athlete and the soubrette, will open a one week's engagement at this popular place of amusement.

Fresh milk and cream at Palace Market. 12-12-11

For neat commercial printing try the Bonanza job office.

He Is, However, Awaiting Reinforcements--Battle Expected Hourly--Fighting Is Going On Around Coyane.

INSURGENTS TAKE CHARGE HAYTI TOWN

By Associated Press.
WASHINGTON, Feb. 4.—The revolutionists in Hayti are reported to have captured Fort Liberty. Oanemintat and Trou, cabinet members, have left the Haitian capital to lead a force against the rebels.

HIGH SCHOOL BOYS GIVE DANCE ON 10TH

Lincoln's birthday, the 12th, falls on Sunday this year, so the high school boys will hold their dance celebrating the event on Friday night, the 10th instant.

The dance is for the public and everyone is invited. The boys are making elaborate arrangements for the event.

SPIRITUALISM WILL BE STUNT FOR TONIGHT

ALBERTUS AND ARZULLIA CON-
TINUE TO PUZZLE LOCAL
AUDIENCES.

Despite the inclement weather last night the show at the Nevada theater continued to draw the crowds. The house was as well filled as if it had been a balmy night in June.

Tonight is the big one of the week. The majority of the evening's stunts will refer to some phase of spiritualism. And the dark and mysterious tricks pulled off will be just as mystifying as anything else performed during the week.

Last night Arzullia was swamped by questions—so many, in fact, that many of them could not be answered. The hypnotic exhibition of Albertus proved interesting as well as made a good deal of fun, there being a number put under the influence.

The only objection to the performance was that the kid business is overdone. There were altogether too many callow youths in evidence last night.

The company concludes its engagement tomorrow night, after having afforded a week of good entertainment to Tonopah theatergoers.

ENGLISHMAN MEETS DEATH BY A LION

By Associated Press.
NAIROBA, British East Africa, Feb. 4.—George Grey, brother of Sir Edward Grey, British minister of foreign affairs, is dead as a result of an encounter with a lion last Tuesday.

With several companions he was stalking lions, when he became separated from the others. Suddenly he was set upon by a large lion. He was badly mangled before his friends rescued him, and later died from his injuries.

ONLY 913 QUAKE.

By Associated Press.
MANILA, Feb. 4.—The earthquakes are increasing in number and intensity. Up to noon today, 913 quakes had been recorded.

American Troops Guarding the Frontier Along Mexi- can Border.

By Associated Press.
EL PASO, Feb. 4.—The city of Juarez is still awaiting the promised attack of Pascual Orozco, the young revolutionary leader, official notice of which reached the American consul at 10:30 last night.

In this notice Orozco said he would attack within twenty-four hours. Couriers from his camp, about ten miles from Juarez, say he is awaiting reinforcements.

The federal garrison at Juarez is also expecting reinforcements, but the rebels say none can reach there.

A few minutes after the notice received by the American consul, was made public, the international bridge to El Paso was crowded by refugees from the threatened city.

Consul Edwards advised all non-combatants to absent themselves from Juarez until tranquility is restored. Mayor Martinez of Juarez says many officials there are deserting their posts.

Insurgents Attacked.

PRESIDIO, Mexico, Feb. 4.—Fighting between the insurgents and federal soldiers under Dorantes has been renewed around the town of Coyano. The insurgents attacked the federals when Dorantes attempted to lead his command back to Ojinaga.

It is declared Dorantes' troops looted the towns of Cuchillo and Parado during the flight following the insurgent attack.

Washington Satisfied.

WASHINGTON, Feb. 4.—The war department officials feel that with twenty-two troops, which either are at present or have been ordered to the boundary, they will be in a position to enforce rigidly the neutrality laws, particularly as other departments of the government are aiding the military by giving all the information obtained in regard to revolutionary movements.

Guarding Boundary

By Associated Press.
SAN DIEGO, Feb. 4.—Under the command of Lieut. George Ruhlen, Jr., fifty artillerymen from Fort Rosecrans, across the bay from San Diego, reached the boundary line at Tia Juana today and went into camp.

The men carry a full field equipment and ten thousand rounds of ammunition.

At present all is quiet at Tia Juana. Nothing has been heard of the Mexican rebels since yesterday, when they were reported advancing on the town.

Troops from Wingate.

ALBUQUERQUE, N. M., Feb. 4.—A troop of cavalry from Fort Wingate left this morning for Douglas, Ariz., to guard the border.

Waiting for the Troops.

CALEXICO, Cal., Feb. 4.—The force of Mexican rebels which a few days ago captured the town of Mexicali, just across the border from this place, is reported to be divided into two camps, where they are awaiting the approach of the federals marching eastward from Tia Juana. One of the rebel camps is located near Laguna Salada, which is a mountain pass, through which the federals must march. The rebels are watching the pass closely in the hope, it is believed, of being able to ambush the government column. Their second camp is located ten miles southwest of Mexicali.

A small party of insurgents crossed the line Tuesday night and camped at the base of Signal mountain.

Yesterday six insurgents came into Mexicali and purchased supplies. They visited one of the stores and asked for red baby ribbon. The

proprietor of the place did not recognize his customers as rebels, but when they asked for the ribbon a sudden light dawned upon him and he fled precipitately through the back door. They helped themselves to merchandise, including the red ribbon which they wanted for badge and left receipts from the insurgent army.

GOVERNMENT CONFIDENT.

MEXICO CITY, Feb. 4.—Maintaining that the government of Mexico had the revolutionary situation well in hand, that foreign interests were not endangered and that the movement will soon be subdued, is the statement Enrique C. Creel, minister of foreign relations, last night gave the Associated Press setting forth the government's position.

"The commander of the troops at Ciudad Juarez notified the war department that he is confident of being able to offer successful resistance to the insurgents until relief arrives.

"If the rebels should happen to capture Ciudad Juarez it will be only a few days before the city is retaken by government troops, which are already on the way with sufficient numbers to defeat them."

NEVADA BOY LEADS.

SAN DIEGO, Cal., Feb. 4.—Leading the 28th Infantry, U. S. A., which left Fort Rosecrans last night for Campo, is Frank Blake, a Nevada lad, graduate of the Nevada state university of the class of 1906. He is a native of Tuscarora and was sent to West Point by Senator Francis J. Newlands.

Interest in the Mexican revolution now centers in Campo because of the fact that it is believed that rebels under Leyva, with a strength of 400, plan to invade the town in search of food, and it is expected there will be a conflict between the revolutionists and the American soldiers.

HEAVIEST OF SEASON IS THE SNOWFALL

It snowed all night. It began early last evening, and when people got up this morning it was still snowing. It looks as if the weather had contracted the habit.

Several inches have fallen—by all odds the heaviest fall of the season.

ORE SHIPMENTS FOR THE WEEK

Mines.	Tons.
Tonopah Mining	3500
Belmont	1650
Montana-Tonopah	1051
Tonopah Extension	980
West End	400
MacNamara	50
The total shipment for the week was 7631 tons; the estimated value \$190,775.	

PREVAILING STORM MAKES A DIFFERENCE

The snowstorm prevailing today made news-gathering a treat. So much so the storm explains why there are not more local items in the paper. The days when one could step around to the police station and pick up a dozen stories are gone.

SOME BETTER TODAY.

By Associated Press.
PHILADELPHIA, Feb. 4.—After a bad night, Archbishop Ryan showed a little improvement today.

The Daily Bonanza reaches the people.

NAME STRICKEN FROM THE ROLLS BRITISH ARMY

By Associated Press.
LONDON, Feb. 4.—The name of Lieut. Frederick Fernor-Hesketh, Ninth Lancers, was stricken from the roll of the British army today, because of absence without leave. The lieutenant is the second son of Sir Thomas George Fernor and Lady Fernor-Hesketh, and is a grandson of the late William Shar- on, United States senator from the state of Nevada.

A world-wide search has been made for the lieutenant, who left his mother's home in Towcaster on Oct. 29, saying he would be back for dinner. It failed to discover any clue to his whereabouts, beyond the fact he landed from a steamer at Kingston, Ireland, the day after leaving home.

DULL MARKET THESE DAYS IN STOCKS

EVERYONE SEEMS TO BE WAIT-
ING FOR A SENSATIONAL
STRIKE LOCALLY.

It is a dull stock market these days—so far as Tonopah Mining stocks are concerned. Everybody seems to be waiting, like Wilkins Micawber, "for something to turn up."

It is noted, however, that the record of actual sale begins to show the names of Mizpah Extension and Rescue and North Star—all in line for that Belmont ledge about which everyone is talking. Among mining men it is freely conceded that all three of these properties have the chance to prove paying mines when developed.

The resumption of actual development work on the North Star, which is proposed for an early date, will stir up a lot of the other properties around the hill to get busy. It is more than probable that active work will be undertaken this spring on the Halifax, which is backed by abundant capital.

But the stock market is, as we say, a waiting one, with Belmont perhaps the best buy on the list. The ton of the market, however, is strong, indicating confidence on the part of investors.

LOS KAMP RESIGNS.

P. Los Kamp, who has acted in the capacity of purchasing agent for the Tonopah Mining company for the past five years, has resigned his position with that company and will leave early next week for Sacramento, with the intention of locating in that growing city. It is possible he will associate himself with W. H. Smith, a well-known real estate man of that city.

SPECIAL ORDER OF BUSINESS NEEDED TO PASS MEASURE

CARSON CITY, Nev., Feb. 4.—Under special order of business the assembly yesterday afternoon passed assembly bill No. 59, introduced by Fulmer of White Pine county. The measure authorizes city councils, board of county commissioners or other governing bodies of cities, towns or counties to regulate the use and sales of electricity, gas or telephone service.

"Reno Reveries," by Leslie Curtis, 50 cents at Tonopah News and Stationary company. All about the divorce colony.

HUMPHREY BREAKS LEG AT MANHATTAN

HIS HORSE FALLS ON ICE LAST
EVENING—TWO BONES
ARE BROKEN.

District Attorney Sanders last evening received a telephone message from Manhattan to the effect that yesterday afternoon County Commissioner Chas. A. Humphrey had met with a severe accident, as a result of which two bones in his right leg were broken.

No particulars were vouchsafed other than that his horse had fallen on the ice while going up the gulch. The animal fell in such a way, it seems, that the leg was pinned so as to break the bones.

Dr. Garner was summoned and set the bones, and the injured man was resting as comfortably, at last accounts, as could be expected under the circumstances.

This will make it impossible for Mr. Humphrey to attend the meeting of the county commissioners on Monday, but the other two members of the board will go through with the routine business.

SAFELY FLOATED.

By Associated Press.
VICTORIA, B. C., Feb. 4.—The Norwegian steamer Titanta, which went ashore on Stuart Island yesterday, was floated today.

TOOK THE CITY.

By Associated Press.
Puerto Cortez, Feb. 4.—Gen. Lee Christmas has occupied this city on behalf of Bonilla.

CHINKS RIOT AND MURDER OFFICIALS

By Associated Press.
BATAVIA, Dutch East Indies, Feb. 4.—There has been a serious outbreak among Chinese on the island of Billiton. The capital was looted and burned and the chief administrator and others were murdered. Troops have been sent to the scene.

LONGEST QUESTION ENTERED IN COURT

LOS ANGELES, Feb. 4.—A hypothetical question 4000 words in length was read yesterday to the first alienist witness in the trial of Frank M. Bell, the wealthy Texan, accused of having murdered Attorney O. P. Widaman at Artesia last July. The question is said to be the longest ever presented since hypothetical questions achieved their present prominence in murder trials involving insanity and unwritten law.

It required three hours to read the question to the doctor and Judge Cabanis ordered the question printed and copies furnished the jury and witnesses.

WABUSKA HAS OIL.

Rumor has it that oil has been struck at a point near the smelter being erected at Wabuska. Particulars regarding the discovery are meager, and it is claimed that the locators are keeping the facts quiet, awaiting further developments.—Yerington Times.

A LITTLE FLURRY.

The resolution by Kamm asking the board of pardons to take action in the Smith-Preston case will undoubtedly call forth a large amount of oratory and probably considerable rancor when the measure is taken up. A recommendation of this kind is something unusual to put before a legislature.
